S I R,

Adverting to Government order No 8189/Ml 149-14 dated 4th May 1915 sanctioning the levy of tolls at enhanced rates in Davangere Municipality till the end of June 1916, I have the honor to state that the Municipal Council of the town have resolved at their meeting on 17th May 1916 that the increased rates be continued for some years more, that is till such time as the drainage project is taken up and completed A copy of the resolution is enclosed

The Municipality has exhausted all its accumulated funds for the water supply scheme of the town A proper drainage for this big trading town is a necessity, in the absence of which the health of the town is likely to be affected. With a view to find funds to undertake such large projects of public utility and conducive to the health of the townspeople and also to improve its general resources, the Municipal Regulation (Section 59) authorises the Municipality to levy tolls Past experience shows that there have been no complaints regarding the increased rates.

I therefore agree with the Municipal Council in the matter and recommend that their proposal to continue the enahanced rates may kindly be sanctioned

In this connection it may be stated that rule 172 of the

Municipal Account Manual lays down that the date of the sale of tolls should not be later than the 15th of May, so that there may be sufficient time to arrange for a resale in case the purchaser does not furnish the required security and execute the lease bond in time for taking over the collection of the revenue leased out with effect from 1st July. Having regard to this provision, the usual notification to farm out the right for the ensuing year was published in the Gazette, adopting the enhanced rates as in previous years and the sale was conducted by the President of the Municipality, On 13th May 1916, one Mahadeviah has purchased the right for Rs 21800 for the year 1916-17 and this sale has not been confirmed as the further continuance of the increased rates is to be sanctioned by Government.

I request that you will be so good as to obtain the very early sanction of Government to the continuance of the enhanced rates of tolls so that the purchaser may be put in possession of the right at least before the 10th June 1916 to enable him to make needful arrangements for commending the levy from 1st July 1916.

I have the honor to be,

S I R,

Your most obedient servant,

Asst. Commr & Ag.
